

# RANJEET VISHWAKARMA

Electronics Technician

Phone: 9519228002

## Professional Summary

Dedicated and skilled Electronics Technician with a strong foundation in soldering, testing, circuit assembly, and fault finding. Proven ability to diagnose and repair complex electronics, including audio equipment and PCB systems, with a focus on quality and detail. Experience in both production and apprenticeship environments, demonstrating technical proficiency and problem-solving skills.

## Skills

- Soldering
- Testing
- Circuit Assembly
- Fault Finding

## Experience

- **Inginious, Bhiwandi Bhoomi World** 2023-2024  
**Electronics Production and Quality Control**
  - Found and fixed problems in circuit boards and products.
  - Soldered parts to a high standard.
  - Checked final products for quality.
  - Kept detailed records of all repairs.
- **Sonodyne, Andheri SEEPZ** 2021-2022  
Apprenticeship, 2021-2022  
**Manufacturing Processes and Assembly**
  - Tested audio amplifiers for performance.
  - Found and fixed component faults.
  - Soldered small audio parts carefully.
  - Maintained tools and test equipment.
  - Kept logs of all repair work.

## Education

- **Industrial Training Institute (ITI)** 2019-2021  
Trade: e.g., Electronics Mechanic  
2019-2021
